PICK OF THE 2018 CALF

Miss Werning 8543U

RF Certainly Flirtin 202Z

WC Angel 5870C

Soo Line Rose 1019

RF Scream 215Z

LFE BS Violet 641A

Offering pick of any bull or female born at Rust Mountain View Ranch from their 2018 Simmental, SimAngus and Angus calf crop.

An offering like no other that we have ever offered. We are proud to offer the heart of our herd in this exciting lot that we feel will be a great opportunity for the successful purchaser. Contact us at any time to discuss the opportunities as we feel the 2018 matings are amongst the most progressive genetics we have ever assembled.

RUST MOUNTAIN

BGS/BM Captain Scream 63D

WFL Westcott 24C

TJSC GCC Boone Pickens 46C

VCL LKC Profit Maker 604D

W/C Bankroll 811D

W/C Loaded Up 1119Y

There would be 179 calves to choose from that will be born in 2018 and you can choose either a heifer or a bull but the pick needs to be made by October 1, 2018.

If a bull is chosen, Rust Mountain View Ranch is retaining 1/3 semen interest and reserves the right to collect this bull for in-herd use which includes embryo transfer.

We will also supply one plane ticket for the individual coming to make the selection, along with the pickup at the airport and dropoff.

 Sire

As we continually want to offer the best genetics at Rust Mountain View Ranch, we have dug deep in the choice of our NWSS Pen of SimAngus Open Heifers.

Big time pedigrees are on offer as 2A is a direct daughter of the calving ease donor, First Class 1Y and she has been one of our most consistent donors.

Lot 2B & 2C are direct daughters of one of the greatest females in existence from any breed, Rose 1019. These are genetics to build a program around.

RF Certainly Flirtin 202Z :: Dam

Rust A Certain Flirt 716E is one of the best females we have ever raised ... PERIOD! Unfortunately we didn't have a picture of her by catalogue time but we can confirm she will not disappoint when you view her at our yard with her internal dimension, stoutness, presence and overall fault free package in a maternal pedigree. Her full sister, 740E was our pick at the 2017 Friday Night Lights and commanded \$55,000 with her full brother being the most intriguing bull we have ever offered to date. Her dam, 202Z is the most dominant donor female in Canada and when mated with the \$165,000 Westcott, the results are simply impressive. 716E is the next building block for us to build the next dominant cow family and we are excited to offer a flush to you as we feel it has worlds of opportunity!

Guarantee 8 IVF embryos that will be exportable to Canada and Australia. Aspiration will take place in March of 2018.
