6th annual

RUST MOUNTAIN VIEW

Queens of the Pasture

production sale

Monday, October 28 :: 1PM cst :: At the Ranch - Mercer, ND

On behalf of all of us at Rust Mountain View Ranch we'd first and foremost like to say thank you for your interest in our program and would also like to thank our past buyers. Without our great customer base none of this would be possible!

I know many of you reached out to us last year after we cancelled our fall female sale due to the storm. It meant a lot to our family hearing from each and every one of you, and that's what makes this business so great, great people! We would especially like to thank the neighbors and friends that helped out with all the debris pickup, which was scattered for miles, required during this time.

We have been working extremely hard this year to raise the bar of quality in this year's offering. After taking a year off the expectations will be high! Each year we develop our females and bulls to meet the needs and expectations of our customers and we feel this sale will be a great representation of our herd.

We have taken great pride in our choices of dams that we will be offering offspring from October 28. We have dedicated many hours, phone calls, miles, and financial resources in finding the great females that we use in our flushing program. Today we offer with great confidence their offspring or embryos for your appraisal. Some of those great females are Miss Werning KP 8543U, Harrell Angel 5870C, W/C Angel 8598F, RF Scream 215Z, Beech Bros Yara 122Y, Brooking Beauty 8187F, Soo Line Rose 1019, Red Bar-E-L Too Too 218C, Rojas Falling Water 6053, and Rojas Navarre 6054 just to list a few. Not only are their offspring offered today for sale but their full and half-sisters will be the backbone of our herd in the future.

We are so honored to say we are part of the cattle industry. Each year there are new challenges and opportunities which makes this industry so exciting and rewarding! There is nothing that is more rewarding than overcoming challenges and seeing the end result of years of hard work come to fruition! This is the case with this year's sale. We have been working diligently each year on our base cow herd and are starting to see more and more of the rewards that an extensive embryo transfer program has to offer. We will be selling females and bulls this year out of Embryo heifer calves that we have retained within the herd the past few years. There is nothing more exciting than watching those cows evolve into the genetic gems that you imagined and hoped they would be when you first planned the flush! As always it continues to be our utmost passion to bring the greatest cattle possible to our customer base with your needs in mind first and foremost! I believe we have set the bar extremely high this year with all live cattle running through the sale being direct embryo transfer calves except one head! So buy with confidence at this year's sale because these genetics will be the backbone of our program as well for years to come!

Like always if you have any questions about the catalog, or our program in general, please don't hesitate to give us a call. Or if you're ever in the area we'd love to have a visit and show you around the ranch. The coffee's always on!

Thank you again for your interest in our program!

The Rust Family

North Shore Inn & Suites - 430 5th Ave SW Garrison, ND 58540 - (701) 463-7202 - Additional Lodging in Bismarck, ND

AIR TRANSPORTATION

Bismarck is served by United Express and Northwest airlines and also has excellent facilities for light aircrafts.

ANNOUNCEMENTS & SALE TERMS

Announcements made from the auction block during the sale take precedence over printed material in the catalog or other printed material associated with this sale. Anyone attending this sale attends at his or her own risk. Breeders and sale force will not be held responsible for any personal injury for attending this sale. We highly recommend you insure your purchase on sale day, if they stay at our ranch. All cattle sell under the Suggested Terms and Conditions of the American Simmental Association.

EPD'S

The EPD's listed are the new Fall 2019 numbers. Please note the EPD's may change from the time the sale catalog is printed until registration papers are transferred.

EMBRYOS

All embryos are stated in the catalog if they are exportable. If Canadians would like to purchase non-exportable embryos, Rust would assist them in implanting them at Transova at the buyers cost and Transova's standard pregnant recip rate.

DELIVERY IN USA

Rust will assist in lining up the most economical delivery method possible.

Bid online sale day through..

DELIVERY TO CANADA

Delivery will be made to Moose Jaw area on or around Agribition time on all Canadian purchases. All Export paperwork and trucking to Moose Jaw RMVR will be responsible for.

OWNERSHIP

All females sell in their entirety 100%. Rust Mountain retains the right to one successful flush (minimum 6 embryos) off any sale female.

ULTRASOUNDING

All bred heifers are guaranteed in calf. Sexing and expected calving dates are approximate and not 100% accurate or guaranteed.

PAYMENT

U.S. Currency only, contact Rust's immediately after the sale to receive wire transfer information. If new owners prefer to send a check, please send it in US currency.

VIDEOS

Videos on all sale cattle will be available on CCI.Live.com or RustMountainViewRanch.com

At the Ranch - Mercer, ND**

The deepest offering to date...

97% of the offering are embryo transplant calves!

Rust Mountain View Ranch has put forth an incredible lineup of females that are sure to impress. With 97% of the offering being embryo transplant, you know the quality runs deep and the very best cow families in the industry are represented. Their approach to source the very elite donors in the breed is to be appreciated as they spare no expense to acquire the elite females to continue to build their program and offer the very best to you, the valued customer. As they concentrate on an aggressive flush program, it also benefits you the customer as they are committed to offer their very best each and every year.

After a terrible storm in the summer of 2018 that took down their previous sale barn, it forced them to cancel their sale with in turn has allowed them to dig even deeper for their sale in 2019. The three breeds that are represented have got feature genetics in there that will be sure to have a positive impact on the industry moving forward. When you drop names like 8543, 202Z, Scream, Angel, Yara, Violet and Shiela in the mix of cow families represented, you are talking about some of the most influential females in the entire breed. The Red Angus division is equally as deep with 112Y and her daughters (6053 & 6054), along with 32X, 17T, 218C and 12W who have built their red program to where it is today. The increasing black program has the same approach by offering the very best as they obtained the best daughter from our personal favourite donor in the industry, EA Rose 918. Their approach to build the black program like the Simmental and Red Angus will be exciting to watch as they have an elite and growing program.

The Rust family is salt of the earth people that we thoroughly enjoy working with and have become close friends due to the integrity they carry and always standing behind their program and wanting happy customers. Please join us in Mercer, ND to take in a great set of cattle and elite frozen genetics that are backed by some of the best people in the business. If you can't make it, feel free to contact any of the staff and they'll represent your needs in the most professional manner. We will see you on October 28 to offer one of the deepest sets of genetics that we will sell all year long.

Sincerely,

The Bohrson Team

Lot 1 is a very complete female that wraps it all together in phenotype and genotype in a hard to fault package. Her 3 maternal brothers were featured in our 2019 NWSS Pen and sold extremely well and were highly sought after. 5870C has evolved into a never miss donor that is proving her worth as a front end female that we will continue to lean on heavy to build our program around. On the top side, we can't say enough about Commissioner and his ability to sire outstanding females with exceptional udders and strong feet. A special female here, with all the goods to make an impact.

We will let you choose sale day on which 5870C daughter you like best as it is a close race and we feel Lot 2 could be a very influential female in the future. This female has the goods to compete in a show ring and more so, go on and be a big time producing donor. Her sire, Boone Pickens has been a breeding machine with a son topping our sale at \$28,000 this spring and a daughter bringing \$62,000 at Friday Night Lights last fall. His influence is taking notice throughout North America and if he continues to produce more females like Lot 2, its all up from here.

534R x 5870C is a big time pedigree and an incredible female that puts it all together. We think by combing two of the very best cow families from the highly respected Werning program, we have a breeding piece here that checks off lots of the boxes. This homo polled/homo black sweetheart isn't just a stacked pedigree but also a truly complete heifer when seen in the flesh. The natural shape and eye appeal that she combines is impressive and we strongly feel she has a big time future ahead.

This attractive made individual has it all going for her and is out of the never miss donor and the hottest bull in the breed, Relentless. One that will need an extra look at on sale day and we think she can do some damage in the show ring ... which is no surprise with this outstanding pedigree. A unique individual that has a big time future and will become a strong breeding piece with generations of excellence backing her. We couldn't be prouder of these four 5870 females that start the catalog.

Potential donor female alert! Combining one of the hottest bulls in the USA with one of the very elite cow families in Canada has resulted in a true sale feature. Currency is the \$450,000 phenom promoted by Hartman and an individual that is taking the breed by storm with progeny that have extra presence, stoutness and overall power in a hard to fault package. The bottom side is one of our up and coming donors that is a full sister to the great 202Z who has surpassed \$600,000 in sales. An impressive spread in numbers compliment a female that is one of the best looking females in the offering and backed by a big time pedigree.

Calving ease, maternal strength, structural soundness, foot quality and outstanding udders represent this cool made heifer calf with the great 8543U on top side and a full sister to 202Z on the bottom side from the Flirt family. This is one we really like and we think she will be found from the most astute cattleman on sale day, BUT her best years are what lies ahead. This is one that you can foresee being a beautiful production female on pasture that always brings in a top-end, marketable calf. Invest with confidence as it excites us to offer females of this calibre to the industry.

Another Homo/Homo feature female that is star faced and has extra style to boot. We can't say enough good on what Night Watch 84E has done for our program with an outstanding first calf crop on the ground. On the bottom side is a front pasture female that we purchased from the famous Justin Muirhead in northern Canada and she has transitioned into an exceptional producing female raising this awesome female as a first calver. Justin told us that 410B is a good broad prior to buying and she hasn't disappointed.

When analyzing this female all we can vision is that she has the potential to raise a big time herd bull in the future. Her pedigree and body type shows us that she is the kind of female to annually bring in an exceptional calf at side when she hits production. Lot 9 is soggy, stout, thick made with overall power and performance and rightfully so as she is out of two of the best individuals we have utilized in our program. Captain Scream semen is off the open market and annually has been bringing in the \$500/dose range.

Outstanding power pedigree here with the now deceased, many time Champion Captain Scream on the top side and 716 donor on the bottom who is a full sister to the 2017 \$55,000 FNL high seller. If your program thrives on raising performance oriented cattle to market to the industry, this female has it all as she is all power but still is backed by some of the best maternal pedigrees in the breed. We think this one is the kind to build around and we are very proud to offer up these two flush sisters from the top of our program.

At one point Lot 14 held the spot as our feature Lot 1 but we thought we better give the blacks a chance to start since a red lead it in our last female sale. We love this heifer and this is the type we strive to produce to offer up to the industry. We are always committed to offering our very best and never retaining off the top end ... our customer feedback has been humbling. This is the kind we truly wish to retain as we know she would make a great impact in our own herd in short order. Captain Scream x Yara 122Y is a big time pedigree and she has evolved into everything we expected and more!

Deputy x Yara 122Y is a big time maternal pedigree and we will be shocked if she doesn't offer a great ROI for the successful buyer. Sheriff x 56U x Yara lines up exceptional udder quality that will never break down and be productive for years on end. Cherry red, extra shape, with style exemplifies this beauty of a female. Yara seems to never miss and this is a perfect example of her true breeding potential. Check this one out close on sale day, we are sure she will impress.

We are proud to have bred the famous Captain Scream as we sold a flush on the \$37,000 RF Scream 215Z to Black Gold/Canadian Donors years back which translated into an amazing set of ET calves. Captain Scream was the highlight bull from that flush that went on and won every major Simmental calf division in Canada as a bull calf and then Grand Champion Bull as a yearling at Lloydminster (plus Supreme), Edmonton and Agribition. Captain Scream semen has averaged \$500+ and it is because of exceptional females like Lot 14 and 16.

Lot 17, 18 & 19 are big time pedigree females that are out of the \$165,000 Westcott and the never-miss Yara 122Y. Westcott has simply elevated his popularity after progeny have hit the sale ring as they top sales and increase averages wherever they are offered because of their high demand. They offer extra power in depth of body, stoutness, and overall muscle in a structurally sound and good footed package. When we combined that with Yara 122Y, we knew we had a pedigree you can bank on and invest in with confidence.

Lot 22 is a personal favorite and we are confident of her future and being a front end production female and future influential donor in the breed. Violet 641A is one of our favorite donor females in existence and truly doesn't miss with extra consistency and overall marketability in every calf she raises ... her production history is second to none with annually having sale features and high sellers in our sales plus Canadian sales that she has progeny in. On the top side, Merchant is an influential sire that we continue to use more and more for his outstanding females and highly marketable sons. We will be following this female closely into the future and we are certain of the ROI for the successful purchaser.

This sale feature has great udder development, big bodied, soft made, square hipped and proud front in a very hard to fault package. It absolutely hurts to let the Violet females go as they are the exact kind we want to build around but we are always promoting that nothing is held back for this sale and we want to offer our very best. A maternal sister to Lot 22 and 23 was our lead female in the NWSS 2019 Champion Pen of Heifer that sold to Blairs.Ag for \$18,000. We could write novels on the success of these maternal genetics with Violet producing a \$30,000 son to KT Ranch plus many progeny between \$10-20,000 and always sale features.

Our lead off female in the Red Angus division and one that we are extremely proud to offer to the industry as she wraps the phenotype and genotype up into one awesome package. From an early age, this one was always special and stood out amongst the crowd. She is dark red, hairy, attractive made, level top while still having enough sweep to her rib and overall shape and dimension. Her donor dam, 6054 is one of the very best females we own of any breed and has a stacked pedigree that doesn't miss. Whether you want to put a halter on one or invest in production female, Lot 24 will be on the short list.

Here is one of our high performing heifer calves of the year that will put extra shape and dimension in her progeny. Lot 25 is backed by an awesome donor, 32X that is admired for her power and performance throughout while still being very attractive. On the top side, TWG Tango 156D sold 25% semen interest for \$40,000 in Denver in 2018 and he is long bodied, big boned, bold ribbed, deep sided and powerful. This Kargo x Big League combination clicked well and she is one that when you see her sale day, you'll appreciate from every angle.

A personal favorite flush as Lot 26 and 27 are the very best we have produced in the Red Angus division in years. We couldn't be prouder to offer quality cattle such as these two to represent our program and the exact type that we strive to produce. Big time future lies ahead as they are hard to fault and rightfully so because they have a pedigree that is pure gold. The 6053 donor is one that is on the rise and will be extremely influential as we progress forward in the industry. Her first calf highlighted the Thomas Ranch Bull Sale and as we get ET calves of this quality on the ground, we are certain she will become widely known in short order. Invest with confidence as we think the world of what these can accomplish for the new owners.

We have loaded up our sale offering this year and it is by far the deepest set of Red Angus we have ever offered to date. Lot 30 is a big time female that has been intriguing since hitting the ground as she has always had that extra presence and look about her. She is up-headed and attractive with her neck coming out of the top of her shoulder and shows extra sweep to her rib with a level top, square hip and very sound structure. It is very difficult to breed extra presence and power in the same package but Lot 30 does it all in a sound package and strong foot.

Rust Me Waterfall 8212F PB Red Angus Bred Female

polled /// red /// 3931757 /// 2018-02-23 /// bw-78 /// adj ww-576

A Trump x 6053 that gets us excited and exemplifies what kind of cattle we strive to produce for our customers. A big time pedigree in this awesome female that is easy on the eyes and is sure to be an excellent producer. When we analyze the 6 animals in the first two generations of the pedigree, those are big time genetics that are sure to put confidence in this investment as she will surely be a producer. And with the Blue Collar service, it all wraps together in a sale feature package we are proud to offer.

Rust Me Too Too 8405F PB Red Angus Bred Female

polled /// red /// 3931773 /// 2018-03-30 /// bw-87 /// adj ww-593

A female that we really appreciate when you lay eyes on and with her outstanding pedigree, we feel that she is one that will evolve into a great investment. The 218C and 117X females on the bottom side of the pedigree are two of the best in the business and when you combine that with the maternal strength of Trump, this is a no-brainer investment. Also, we couldn't be more impressed with her service sires first calf crop and we do feel that he will make a positive impact on the breed moving forward.

If we are going to do the Black Angus business, we are going to go big or go home. Our mission to find the very best Angus genetics lead us to Brooking and the impeccable 1019 donor that is amongst the very best in the world. Lot 34 is a future donor in our minds and one of the best females we have ever offered from any breed. This beautiful female has worlds of potential and we are going to watch her journey very close into the future as our confidence is through the roof that she will be a great producer.

This low birth weight and high performance female carries one of the most sought after genetic lines in the entire industry. Lot 35 combines femininity and performance in a very complete package as she is out of two of the great individuals in the business. Her dam, 1019 is a maternal sister to Bank Note and carries one of the best pedigrees in the business and she is phenotypically flawless. Her sire, Raindance is one of the hottest bulls in the breed and rightfully so when he can produce females like this. True sale feature!

Pulled right off the very top of the bred heifer pen and one that we know will have lots of friends on sale day! This big bodied, stout made, long bodied, hairy and ultra complete female wraps it all together in a hard to fault package. Her sire, the \$125,000 Bank Note has been a breeding legend and the positive influence he has made is truly impressive. On the bottom side, SAV Madame Pride 1282 has been a very influential donor that always kicks out the good one.

Soo Line Rose 1019 Black Angus Embryo Lot

embryos are stored at Transova, Iowa :: Exportable to Canada

LOT 37A - 5 IVF embryos
Sire - SAV Renovation 6822
Dam - Soo Line Rose 1019

Sire of Lot 37A Embryos
SAV Renovation 6822

One of the very best donors we have ever owned and a great one in our minds. An absolute beauty of a cow that is backed by some of the best cow families in the industry. She is a maternal sister to the great Bank Note who has been increasing in popularity by progressive cattlemen that utilize his genetics. We feel that these are the cream of the crop genetics here, invest with confidence.

Brooking Beauty 8187 Black Angus Embryo Lot

embryos are stored at Transova, Iowa :: Exportable to Canada

LOT 38A - 3 IVF embryos
Sire - Brooking Firebrand 6068
Dam - Brooking Beauty 8187

Sire of Lot 38A Embryos
Brooking Firebrand 6068

Our \$45,500 purchase from Brooking that is a beautiful female and can run with the very best of them. She is attractive fronted, clean shouldered, deep bodied with extra sweep to her rib and is sound made with an excellent foot. Her udder placement looks terrific and she is royally bred with the great 333 donor on the bottom and the popular Natural Law on the top side. These are the very first embryos to sell from this genetic masterpiece.

Dam - SAV Emblynette 4223

LOT 39B - 5 IVF embryos
Sire - SAV Renovation 6822
Dam - SAV Emblynette 4223

Sire of Lot 39A Embryos
LD Capitalist 316

4223 is the dam of the \$50,000 sale feature, Brooking Gold Coin that sold to ZWT and has gone on to win Supreme Champion Bull at PA-ex. 4223 was a \$47,500 high seller at SAV and has truly bred herself into one of the best donors on the ranch. Her popularity continues to increase after more of her calves hit the ground as they are the top of the pen. The matings to Capitalist and Renovation are sure to offer great ROI.

Sire - Brooking Firebrand 6068
Dam - Red Wheel Dawn 17Y

LOT 40B - 5 IVF embryos
Sire - Pelton Wideload 78B
Dam - Red Wheel Dawn 17Y

The powerful Dawn 17Y is a huge ribbed, square hipped, well muscled, attractive made individual that is so complete in her make up. She is a true breeding donor that has left an excellent legacy at Wheeler's Stock Farm and is now making an impact at our ranch. The mating to Firebrand will offer a big time opportunity to make the next great black/red carrier that we have all been seeking to find. Pelton's Wideload 78B is a power bull with body mass, substance and style.

Sire of Lot 41A Embryos
Damar Trump C512

LOT 41A - 5 IVF embryos
Sire - Damar Trump C512
Dam - Rojas Falling Water 6053

Rojas Falling Water 6053 puts it all together in a fault free package and rightfully so as she has an outstanding pedigree. Her dam, 112Y has been extremely productive after being declared 2014 National Western Reserve Grand Female. Her daughter, the Lot 32 bred heifer is a true feature in the sale and proof of the consistency and power that she can produce. The mating to the many time champion, Trump is sure to produce results that are highly marketable.

NGDB Structure 34D

LOT 42A - 5 IVF embryos
Sire - NGDB Structure 34D
Dam - RF Certainly Flirtin 202Z

RF Certainly Flirtin 202Z is one of the most potent breeding females in the breed and annually raises the very elite cattle that are in high demand. 202Z was the Supreme Champion Female at both Farmfair and Agribition, a feat never done by a Simmental female before. Her showing accolades have got outshined by her production record that now has exceeded \$600,000 in sales. The mating to Structure will be the exact cross for a home run as his erect front end, long body and overall completeness will compliment 202Z perfectly. The progressive breeder that has the foresight of investing in these embryos will sure be ecstatic when the progeny hits the ground.

Miss Werning KP 8543U Simmental Embryo Lot

embryos are stored at Transova, Iowa :: Lot A - Exportable to Canada :: Lot B - Not Exportable to Canada

LOT 43A - 5 IVF embryos
Sire - NGDB Structure 34D
Dam - Miss Werning KP 8543U

LOT 43B - 3 IVF embryos
Sire - Ruby's Currency 7134E
Dam - Miss Werning KP 8543U

Sire of Lot 43B Embryos
Ruby's Currency 7134E

The famous 8543 is the breed leading donor that has had as much of an impact in the advancement of Simmental cattle as any in the industry. Her ability to increase marketability and work with any bull she is mated to is truly a remarkable feat and we are proud to offer embryos from this donor that often don't become available. We are proud to own the US rights on Structure who is outcross pedigree for us and backed by one of the great cows in the breed and the awesome Cobra bull on the top side. Currency is the \$435,000 (1/3 interest) phenom from Hartman that has taken the breed by storm and the calves on the ground are standouts. Limited embryos will be marketed from 8543 in the future!

44
A-B

W/C Angel 8598F Simmental Embryo Lot

embryos are stored at Transova, Iowa :: Lot A - Exportable to Canada :: Lot B - Not Exportable to Canada

LOT 44A - 5 IVF embryos
Sire - W/C Bankroll 811D
Dam - W/C Angel 8598F

LOT 44B - 5 IVF embryos
Sire - MR SR 71 Right Now E1538
Dam - W/C Angel 8598F

Sire of Lot 44B Embryos
MR SR 71 Right Now E1538

Here is our many time champion, W/C Angel 8598F mated with 2 of the breeds hottest bulls. Angel 8598 is an Innovator daughter out of the great 2870Z donor that is a direct daughter of the awesome 8543. This stacked pedigree is the who's who of the breed and when mated to Bankroll and Right Now, we are certain these matings will impress. The \$205,000 Bankroll has taken the breed by storm and his outstanding progeny at Junior Nationals speak volumes of the bright future he has. Right Now is the homo/homo outcross bull the breed has been seeking and is a calving ease option with great maternal strength.

45
A

RF Scream 215Z Simmental Embryo Lot

embryos are stored at Transova, Iowa :: Not Exportable to Canada

LOT 45A - 3 IVF embryos
Sire - Rust Rio Grande 7022 ET
Dam - RF Scream 215Z

Sire of Lot 45A Embryos
Rust Rio Grande 7022 ET

Scream 215Z is one of the most potent breeding females in the industry and always puts extra stoutness, shape and attractive front ends in her progeny. She raised Captain Scream who was the Agribition and FarmFair Grand Champion Bull who was also Supreme Champion at Lloyd Ag-Ex and PA-ex ... his semen has consistently sold in the \$500/dose range. We think the world of the 215Z donor and the mating to Rio Grande is sure to impress as his calves are nothing short of excellent. By combining 202Z on the top side with 215Z, we have stacked two incredible donors in a big time mating.

Sire of Lot 46A Embryos
TJSC Boone Pickens 46C

LOT 46A - 5 IVF embryos
Sire - TJSC Boone Pickens 46C
Dam - LFE Shiela 82A

LFE Shiela 82A is the Agribition & FarmFair Grand Champion Female that has been a potent breeding piece. This strong footed, good udder, stout made, hard to fault donor annually produces the very best progeny and doesn't disappoint. The mating to Boone Pickens will surely click as his progeny have topped sales in Canada at \$62,000 and our high selling bull calf last year at \$28,000. Sheila is the type of cow we want to build our program around and with the exciting mating to Boone Pickens, these are genetics that are sure to generate a great ROI.

LFE Shiela 82A Simmental Embryo Lot

embryos are stored at Transova, Iowa :: Exportable to Canada

Sire of Lot 47A Embryos
CDI Innovator 325D

LOT 47A - 5 IVF embryos
Sire - CDI Innovator 325D
Dam - Early Sunset Pride 49Y

Pride 49Y has been an awesome producer which includes a Carver daughter that topped our sale with Hennesy Show Cattle at \$19,500 to Double Bar D Farms. Her production history is very strong and the mating to CDI Innovator will be a no-brainer. Innovator is the homo-homo option that was the 2018 NWSS Grand Champion Bull and has gone on and produced multiple champions with many more to come in the future. The spread from birth to yearling is incredible and his ability to raise big time show cattle is impressive.

Early Sunset Pride 49Y Simmental Embryo Lot

embryos are stored at Transova, Iowa :: Not Exportable to Canada

Directions to Rust Mountain View Ranch

From Mercer, ND:

- Go 3 miles north on only paved road heading north which is Highway #33.
- On east side of the road you will see a sign that says Rust Mountain View Ranch turn east there on gravel road and go 1.5 miles to a T in road.
- There you will see a house a quarter mile to the north and that is the yard.

Actual Address - 836 7th Ave NW, Mercer ND 58559
